

LOOKIE LOOKIE

A colourful road trip game.

HOW TO PLAY

The rules.

Ages 3+ · 1+ players · 5 minutes to hours · 36 cards

Before you go

Shuffle the deck and hand it to a passenger. The driver never handles the cards. They can still play by keeping their eyes on the road and calling out what they see.

How to play

1

Flip a card.

Read it out loud so the whole car knows what to look for.

2

Look together.

Everyone watches out the windows for a match.

3

Spot it.

The first person to see it calls it out.
Celebrate, then flip the next card.

4

No luck?

Flip the next card.
Keep the old one handy and cheer if it shows up later.

The cards

Colour cards.

Find any vehicle in that colour: a car, truck, bus, bike, anything on wheels.

Wildcards.

Find the thing on the card, like a bridge, a cat or dog, a tow truck or the letter Z on a sign.

This or that cards.

Two colours on one card. Either one counts, which helps with the harder colours.

Summer/winter card.

Play the side that fits the season: an RV in summer, a snow plow in winter.

While you're looking

Every card has an optional question at the bottom. Read it out while everyone searches and take turns answering. There are no wrong answers, and you can skip any question you like.

When does it end?

Whenever you want. Play one card on a quick errand or the whole deck on a long drive. There's no score and nobody loses. We're all on the same team.

No rush. No pressure. No road trip referees.
